Alejandro del Hierro Villar

JUNIOR EMBRYOLOGIST | ASSISTED REPRODUCTION & BIOINFORMATICS

Ciudad Real, Spain • +34 685 520 766 • adelhierrovillar@gmail.com • linkedin.com/in/alejandrodhv

PROFILE

Biotechnology graduate with a completed Master's degree in Biology and Technology Applied to Assisted Human Reproduction and ongoing postgraduate training in Bioinformatics. Practical placement experience in clinical embryology and andrology, including gamete handling, IVF laboratory workflows and semen analysis using CASA/SCA systems. Interested in developing further within a specialised reproductive medicine laboratory.

EXPERIENCE

Clinical Embryology & Andrology Intern — IVIRMA, Alicante, Spain
Feb–May 2026
- Practical experience handling gametes during ICSI procedures, vitrification and warming.
- Sample processing and preparation of materials for IVF laboratory procedures.
- Semen analysis using CASA/SCA systems and clinical andrology techniques.

Animal Reproduction Laboratory Intern — SaBio / IREC, Albacete, Spain
Feb–Apr 2024
- Biological sample handling and sperm quality assessment.
- Use of microscopy and analytical laboratory techniques; participation in animal reproduction laboratory workflows.

Toxicology Laboratory Intern — IREC / CSIC, Ciudad Real, Spain
Jun–Aug 2023
- Contributed to analytical method development and used chromatographic techniques and mass spectrometry.
- Interpreted and analysed experimental data.

EDUCATION

Master's Degree in Biology and Technology Applied to Assisted Human Reproduction
European University · 2025–2026 · Completed

Master's Degree in Bioinformatics
VIU — International University of Valencia · 2025–present

Bachelor's Degree in Biotechnology
University of Castilla-La Mancha · 2021–2025

SKILLS

Assisted reproduction: gamete handling, ICSI workflow exposure, vitrification and warming, IVF laboratory workflow.
Andrology & laboratory: CASA/SCA semen analysis, microscopy, biological sample handling, chromatography, mass spectrometry.
Bioinformatics: Python, R, C++, Linux environments, biological data analysis.
Languages: Spanish (native), English (B1).

PROFESSIONAL ACTIVITIES

Member of the Spanish Fertility Society (SEF) and ASEBIR. Attended the 35th National SEF Congress, Seville (2026).
